Moments
MEMORABLE
with iSONYK AIRCOOLER

IS 3315:2024

CM/L- 8530118112

We are a leading brand that offers robust and stylish air coolers which keep the Indian household cool during the sweltering summers and allows the residents to carry their mundane task seamlessly.

Our coolers are integrated with state-of-the-art components and sophisticated technologies that ensure effective cooling even during the hottest days. The coolers are designed catering to Indian households, so they come with amazing features like remote control, inverter compatibility, speed settings, ice chamber, wheels, overload protection and they are even easy to clean. Apart from superior functionality, the air coolers spot elegant design that harmonizes with the décor of the room. We emphasize on selecting unique designs for our coolers which makes us stand out in the market.

All our products are designed to offer the utmost comfort and to suffice the notion of 'value for money'. We launched our flagship brand iSONYK with the sole aim to contribute to the 'Make in India' initiative whereby all the products are manufactured in India.

OUR VISION

We have the vision to become a household name and a pioneer cooler brand that is known for its effective cooling while manufacturing all the products indigenously and providing employment opportunities to the people of the country.

OUR MISSION

We strive to gratify our customers to the fullest by comprehending their needs via insights and delivering top-notch quality products that cater to their expectations. While doing so, we would employ inventiveness; sophisticated technology; state-of-the-art tools and superior quality materials; and deliver products that add to the lifestyle of our customers.

INDUSTRY LEADING

Awarded the Best

When the industry's brainy individuals driven by innovation combined their creative ideas, knowledge, and skills, it led to the inception of a brand that caters to the needs of diverse Indian households. Isonyk is a company that believes in going extra mile to ensure the utmost level of customer satisfaction. The company serves all its customers with sincerity, top-notch quality products, uber comfort, budget-friendly products and highly responsive & efficient after sales support.

Desert Air Cooler

Our extensive range of desert coolers effectively cools the larger areas. These coolers are equipped with advanced technology and state-of-the-art components that ensure 360-degree cooling even in large areas. They come in alluring designs to complement with the interiors of the room. Our desert coolers boast of their steady air deliver which ensures fast cooling. They come with a large water tank for the convenience of the users. The robust filters remove dust and dirt, checks the entry of bacteria and yields cleaner, healthier and breathable air.

Tower Air Cooler

iSONYK
by **ELPAR**
Industries

Tower Coolers are all the rage. They are truly the coolers of the modern homes as they are less bulky than the traditional coolers and sport a sleek body shaped like a tower that can easily be erected in the room. These coolers are not just known for their effective cooling that covers large areas, but they are also known to add a spark to the aesthetics of the dwellings. Our range of tower coolers can easily fit in the corners or any place thereby occupying less space while effectively cooling the entire room and creating a soothing ambience. They are integrated with advanced technology that enhances the quality of air and spreads freshness all around. They are also equipped with filters, castor wheels and large water tanks for the convenience of the users.
